VESSEL SUNK.—On Thursday night last, about 7 o'clock, the schooner Pokomoko, Capt. Francis Keeyes, bound to this port with a cargo of five hundred and fifty bushels oysters, was run into by the steamer Lady of the Lake, on her way to Norfolk, off Persimmon Point on the Potomac, about sixty miles below this city. The steamer struck the schooner amidships, so damaging her that she sank in a few moments, and now lies in eighteen or twenty feet of water. The captain and crew of the schooner were taken off by the steamer and treated with the utmost kindness by Captain Denny, and some landed at Poy Point; others taken to Norfolk and brought back here. The mate of the schooner, Mr. J. S. Posey, received a slight injury by the concussion. An effort will be made, at once, to raise the schooner.

THE FESTIVAL.—The Ladies' Festival at the Assembly Rooms continues to be the source of great attraction, though the inclement weather of last night prevented many from attending who would otherwise have been present. The object of the festival commends itself to every one, and it is hoped a crowded hall will, to-night, reward the ladies for their unwearied efforts to please all visitors. The principal feature is the refectory, presided over by a competent superintendent and assistants, aided by a corps of cooks and waiters who thoroughly understand their business, and those who have partaken of the refreshments there prepared pronounce them unequalled by any served at the principal restaurants of the city.

DIRECTORS on the part of the State:—M. D. Corse, E. P. Taliaferro, Robert Beverly and G. C. Wedderburn.
SECRETARY.—L. W. Reid.
TREASURER.—H. W. Marbury.

CIRCUIT COURT.—The time of the Circuit Court for the county, Judge Keith, yesterday evening and to-day has been occupied in the trial of the case of Moulton vs. Moulton; an issue from the chancery side in reference to a legacy. Evidence is being heard and the case will probably occupy all day. Several decisions in chancery cases were rendered. The court will continue its session during the early part, at least, of next week.

LUSTS NATURE.—We were shown this morning, a portion of the left fore leg of a hog having attached to it two perfectly developed feet. The animal from which the curiosity was taken was raised by Mr. W. W. Boyce, Ashland Springs, Fairfax county.

HYDROPHOBIA.—We learn that Mr. Englund, toll collector on the Leesburg turnpike, near this city, who was bitten by a dog some time last year, has been attacked with what the physician pronounces a decided case of hydrophobia, and his life is despaired of.

SERIOUSLY INJURED.—We regret to learn that the injury received by Mr. Geo. W. Harrison, mentioned in yesterday's Gazette, is more serious than at first appeared, and that there is danger of Mr. H. losing the sight of one of his eyes.

THE MARKET. this morning, was well supplied. Butter (fresh) 45c to 50c per lb.; eggs 30c to 40c per dozen; country pork, (young) 10c to 15c per lb.; butchers' meats and vegetables without change in prices; poultry also sells at last week's rates.

THE WEATHER.—There was a heavy gale, yesterday, from the Northeast, with much rain. It cleared up this morning, and to-day was bright and rather cool.

POLICE REPORT.—Affairs at police headquarters this morning were very quiet. There were but two cases at the Mayor's office, John Dillon, drunk and disorderly, who was dismissed with an admonition, and Pug Hall, escaped from the Poor's House, who was sent back. There were no cases at the Magistrate's office. The night was stormy and very dark. There were no disturbances in any quarter of the city. Fourteen lodgers were accommodated at the watch house, as many as could be comfortably taken care of, and some of whom if they appear there again will be detained longer than they may desire. Among the lodgers were two children.

A SIGHT.—Those who would witness an exhibition—that would do credit to Broadway or Chestnut street—should stroll down King st., this evening, and witness the power and brilliancy of the magnificent fireworks in the show windows of Green's notion house. These patent reflectors were manufactured expressly for these windows, and were put up to-day by Mr. Wm. Cogan, who deserves credit for the manner in which they have been gotten up. It is pleasing to notice the spirit of emulation which now characterizes our merchants.

CLOTHING.—Attention is called to the advertisement of Hable Bros., and if people will go away from home to purchase, they will find it to their advantage to give Hable Bros. a call. Their stock is very extensive and every indigement is held out to purchasers.

SANFORD'S TROUPE appears at Liberty Hall Thursday evening next, with a matinee on Saturday afternoon for the accommodation of families. The cards of admission to the matinee will be twenty five cents to all parts of the house. John E. Taylor, the comedian and champion skater, will appear at the matinee and evening entertainment. Sanford is the originator of the Old Virginia darkey, and is pronounced by the colored population and the press the greatest in the world.

THE PILGRIM.—This truly beautiful panorama will be presented for the last time in this city to-night at Liberty Hall. All who have not seen it should go to-night.

DIED.
 On the 23d of November, 1870, after a long and painful illness of consumption, Mrs. ELIZABETH DEAYERS, wife of Thomas Deavers, aged 68 years, 10 months and 23 days. She was a member of the Buell Church, Fairfax county. Asleep in Jesus! Oh how sweet To be for such a slumberer met! With holy confidence to sing That death has lost his venom'd sting.

TELEGRAPH NEWS.

(SPECIAL DISPATCHES TO THE GAZETTE.)

FOREIGN NEWS.
LONDON, Nov. 26.—Advices from Tours have been received up to last evening. Gambetta returned to Tours Friday. Thursday two French battalions attacked a force of 1,500 Prussians, who were entrenched at that point and had three cannon. The Prussians were routed and pursued as far as Quessell.

BERLIN, Nov. 26.—Reports have been received here from time to time announcing that large bodies of citizens, and in some cases the regular troops of the garrison at Paris, have come to the Prussian outposts and offered to surrender, but were invariably turned back. These reports have latterly been confirmed by dispatches from the German headquarters at Versailles.

LONDON, Nov. 26.—Advices have been received from Paris by balloon up to Thursday noon. They represent the situation as favorable, and the public morale satisfactory. The guns of the besiegers were all quiet. Details of the movements of the Prussian army operating against Garibaldi have been received to-day. After their repulse at Neut they pillaged Citeaux and concentrated at Dijon.

A force of 20,000 Prussians occupied Bolesme, in the department of Euro-Loire. On Tuesday night, the 22d inst., but retired to ward Neogent le Rotrou on Thursday.

James Favre has issued another circular, bearing the date of November 21st, giving his version of the late armistice negotiations, and the reason of the sudden rupture.

He says that in giving plenary powers to Thiers he thought the principle of revictualizing Paris had already been conceded.

LONDON, Nov. 26.—There are no new developments in the Eastern question to-day. The feeling at the stock market is much improved.

LONDON, Nov. 26.—Count Gortschakoff's reply to Earl Granville's note which was read in the Cabinet session last evening does not withdraw Russia's claim to a modification of the treaty of Paris, but repeats the reference to violations of the treaty by other European Powers. He meets Granville's complaint that Russia desired to repudiate the treaty without first appealing to the other Powers by expressing a doubt whether such an appeal would have been successful.

The morning papers say the Ministry will stand firm.

Steamer Chased.
BALTIMORE, Nov. 26.—The steamship Baltimore from Bremen Nov. 9, arrived at her wharf this morning.
 Capt. Voelcker reports that in the North Sea he passed through a fleet of fourteen ships of French men-of-war. One gave chase and pursued the Baltimore several hours; but the latter being the fastest vessel soon left the Frenchman at stern.

The Baltimore came round the North coast of Scotland.

Verdict.
CINCINNATI, Nov. 26.—The coroner's jury in the case of Mrs. Hesing, who was thrown into a well and killed by its eaving in returned a verdict yesterday attributing her death to the criminal neglect of Edward Lopp.

Schooner Seized.
EASTPORT, Me., Nov. 26.—The schooner White Pawn, of Gloucester, was seized yesterday by the Dominion Government cutter Water Lily, and taken to St. Johns, N. B. The crew arrived here this morning.

Gored to Death.
St. Louis, Nov. 26.—Henry Keyer was gored to death by a wild Texan steer yesterday afternoon while the animal was being driven through the streets.

The Markets.
New York, Nov. 26.—Stocks steady. Gold 112. Money 4 1/2. Virginia sizes, ex-coupon, 104; new 61. Flour quite firm. Wheat a shade firmer. Corn scarce but quite firm.

OFFICE OF THE CITY GAS WORKS.
 The cause of all the street lamps not being lit on Friday evening was owing to the increased consumption of the last week or two. In addition the lamps were extinguished at 12 o'clock in previous years; now they burn all night, and I would add, if the business of the city continues to increase as it has done for the last year the Works will have to be extended to meet the demand.

NOTICE.
 The unexampled satisfaction that NATTAN'S CRYSTAL DISCOVERY has given in this city, as evidenced by the repeated orders of some of the first Druggists, induce us to direct special and particular attention to the great fact that by its use you gain all the advantages claimed for the many poisonous compounds in use, to wit: the restoration of the color and growth of the hair and the speedy removal of dandruff, without the least possible injury—as Crystal Discovery is positively warranted to contain no poisonous substance, neither Lead, Sulphur or Silver.

Its perfect cleanliness is a reason not lightly to be overlooked; it will neither stain the skin or clothes—in one sentence, it is exactly what has been wanted for a long while, a Restorer of the Hair that may be used with the fact that you are going to have Neuralgia, Paralysis, Lead Colic and various other complaints, the result of the use of lead preparations.

As simply a Dressing for the Hair, it has also been found to be unexcelled.

Letters in our possession might be published by the score, all recommending it in the highest terms, of which we promise to give you some in future.

By all means try it, as we are satisfied it will give you entire satisfaction. Price \$1 per bottle. For sale by druggists generally.
